# Project Closed Report

Feb 2026

General Incorporated Association Regional WEB3 Cooperation Association

**Poject Close Report**

**Region Link Initiative**

**Project Catalyst – Fund 12**
**Project ID: 1200063**
**Challenge: F12: Cardano Open: Ecosystem**

## A. Project Overview

**Project Name: Region Link**
**Project ID: 1200063**
**Challenge: F12: Cardano Open: Ecosystem**
**GitHub Repository: https://github.com/Jack-DAOInc/ProjectCatalyst_ProjectID1200063_Cardano-SPT-Special-Promo-Taskforce-**

**Objective:**
**The Region Link aimed to connect Japanese municipalities with the Cardano ecosystem, fostering collaboration between local governments, Web3 builders, and educational institutions. The project sought to demonstrate practical Web3 use cases in regional revitalization and ecosystem expansion.**

## B. Project Manager

**Toshitaka Ueda**

**C. Project Start Date**

**Sep 2024**

**D. Project Completion Date**

**Dec 2025**

**E. Challenge KPIs & Results**

| Challenge KPI | Target | Result | Status |
|---|---|---|---|
| Participating Municipalities | 15+ | 19 municipalities + 1 region | Achieved |
| Event Participation | 1500 | 1850 | Achieved |
| Online Reach / Engagement | 10000 | 10000 | Achieved |

**How the Project Addressed the Challenge:**

**Created an EXPOstyle hybrid event model**
**Facilitated dialogue between municipalities and Web3 projects**
**Integrated Cardanobased ecosystem messaging**
**Conducted live streaming and online dissemination**

## F. Project KPIs & Execution

**Milestones Achieved:**

**Milestone 1: Planning & ecosystem coordination**
**Milestone 2: Region Link 002 (EXPO & Business Contest)**
**Milestone 3: Region Link 003 and ecosystem expansion**
**Final reporting and public documentation**

**Execution Highlights:**

**Hosted largescale hybrid event at iU University**
**Engaged 19 municipalities (11 confirmed + 8 observers)**
**Organized panel discussions and keynote sessions**
**Conducted booth exhibitions and workshops**
**Broadcast event via Zoom & social channels**

## G. Key Achievements

1. **Participation of 19 municipalities and 1 regional entity**
2. **Strong industry–government–academia collaboration**
3. **Execution of EXPO and Business Contest formats**
4. **Increased awareness of Cardano within local government circles**
5. **Established replicable Web3 regional collaboration model**

## H. Key Learnings

Need for educational bridging between Web2 governance and Web3
Importance of continuous ecosystem engagement beyond events
Regional differences in Web3 readiness
Value of structured KPI measurement for public accountability

## I. Next Steps

Expand Region Link model to additional regions
Develop DAOoriented governance experiments
Explore commercialization and sponsorship sustainability
Consider future Catalyst participation depending on ecosystem needs

## J. Final Thoughts

Catalyst funding enabled meaningful expansion of Cardano's ecosystem into regional Japan.
The Region Link Initiative demonstrated that structured collaboration between municipalities and Web3 projects is feasible and scalable.

The project laid the foundation for a sustainable regional Web3 collaboration framework.
